Summary

Dedicated UI/UX Designer with over 3 years of experience specializing in user-centered design, user research, and creating intuitive digital products. I solve complex problems with empathetic, data-informed design. My Computer Science background means I understand technical constraints, allowing me to craft seamless experiences in Figma and bring them to life with Front-End logic.

Experience

Freelance UI/UX Designer at Fahem (EdTech Startup) **August 2026 - September 2026**

Designed the end-to-end UI/UX architecture of a comprehensive educational platform. Designed four distinct, interconnected portals tailored to the functional needs of students, parents, teachers, and administrators.

UI/UX Instructor & Team Lead at GDGoC Camp, Misr University for Science and Technology, 6 October, Egypt **September 2023 - July 2026**

Served as a core UI/UX Instructor for 2 years, mentoring +200 students in design thinking and user research. Guided and evaluated 100+ design projects, fostering an agile environment and promoting best practices in accessibility and user flows. Teaching sharpened how I explain and defend design decisions to stakeholders.

Internships

UI/UX Designer at YallaExpand, Remote **July 2026 - August 2026**

UI/UX Designer at ICTHUB, Hybrid **July 2025 - September 2025**

Education

Bachelor of Science in Computer Science at Misr University for Science and Technology (MUST), 6 October, Egypt **October 2022 - July 2026**

Grade: 3.47/4.0

Skills
